

Job title

Architect internship

Location

Copenhagen, Denmark

Website

tyfc.co

Description

Thank You For Clapping is looking for someone good-spirited and team-oriented intern to become part of the design team and work on design concepts and the development of projects in different phases.

We are looking for students with strong design talent and knowledge and expertise in the field of 3D modeling and rendering.

The successful applicant will be producing 3D models of proposals for visualisations and is comfortable with producing planning applications as well as construction details for projects.

As an architect intern, you will be working under the supervision of a project leader and will be playing an active role in various stages of the development of a project.

Requirements

/ very good working knowledge of AutoCAD 3D, Sketchup, Photoshop, Illustrator and InDesign

/ excellent design and graphical communication skills

/ excellent rendering skills

/ be familiar with all drawing contents in the schematic design and design development stage

How to apply

If you feel this is something for you, contact us with some words about yourself together with relevant experience details.
